

CORONA RULES of CONDUCT for WORKING at PETRA III & FLASH (May 2022)

The following rules apply in addition to general DESY-wide rules*.

At **PETRA III** not more than **6 participants** per experiment are allowed. In justified cases exemptions are possible after approval by oliver.seeck@desy.de (beamlines P01-P14) and hans.christian.wille@desy.de (P21.1-P24, P61-P65) .
At **FLASH** a maximum number of **9 participants** applies.

- 1) External users have to provide us with a negative PCR test result and a vaccination certificate. For details please consult https://photon-science.desy.de/users_area/index_eng.html
- 2) Maintain a safe distance of 2 m and **minimize contact** with other persons wherever possible.
- 3) **Masks (medical masks or FFP2 masks) are required in the experimental halls** including the experimental/control hutches and labs. Masks are highly recommended in any other public space in Campus buildings. When sharing a lab/hutch/room with others **we strongly recommend to use FFP2 masks whenever possible**, which is for your own safety.
- 4) The use of FFP2 masks is **mandatory** when working at distances below 2 m for more than 15 minutes.
- 5) External users have to provide their own masks.
- 6) Contact service groups/local contacts/contractors/users etc. before you start working and coordinate the joint work in order to reduce contact times. It is recommended to split up in well defined **shift teams** which – wherever possible – should not mix. Please, use video-conference tools for shift handover meetings to further minimize contacts, or meet outside.
- 7) Remember that services of other groups or teams may be reduced (e.g. workshops, labs, central services). Always coordinate your work carefully with these groups and teams well ahead.
- 8) If your team consists of more than 6 persons, please provide the beamline personnel with shift plans with the names of colleagues in the respective shifts – in case that contact tracing might ever be required. **Not more than 3 experimenters should share a hutch/lab, both at PETRA III and at FLASH.**
- 9) The routing slip has to be carried with you throughout your stay at DESY.
- 10) Please, perform a **self test** if you observe any symptoms indicative of Corona.

I hereby acknowledge that I have completely read and fully understand the PETRA III and FLASH Corona Rules
